      I am glad that I have been given an opportunity to serve as the Director of National Institute of Technology
      (NIT) Warangal-the oldest one in the bracket of first 17 NITs. It is an honour and privilege for me to lead
```

this prestigious institute which has a rich history of its distinction in teaching, research and service to

the nation. It is the first regional engineering college whose foundation stone has been laid by the former

prime minister, Pandit Jawaharlal Nehru in the year 1959. Over a period of more than six decades, NIT Warangal

has emerged as one of the leading institutions in engineering and technology. Warangal is the second largest

city of the state of Telangana, Hyderabad being the first one which has several places of interest to visit.

Some of the cultural heritages worth seeing in Warangal are Ramappa Temple, Bhadrakali Temple and thousand

pillar temple. NIT Warangal is poised to create an ambience for nurturing innovation, incubation, creativity

and excellence within its faculty and students towards achieving the sustainable development goals. We

emphasize on student centric education with interdisciplinary research and development for the benefit of

Industry and Society.NIT Warangal becomes a preferred institution for top rankers in Joint Entrance

Examination (Main) because of its excellent teaching learning process, infrastructure that a student needs for

effective learning. Our alumni have received distinguished recognitions in their chosen areas of profession

and extend support towards sustainable development of the institute. I invite participation of all the

stakeholders in the growth plan of the institute to steer it to the next level of success in all fronts.
